## **Now available - The Latest App for Business Users: Cortado Workplace for iPhone**

### **Cloud Desktop features transform the iPhone into a fully functional workplace**

(Berlin/Hannover, March 2010, Halle 3 - A24) Cortado, the mobile business specialist, will launch its new and free iPhone app at CeBIT. The solution's core feature is a password protected 1GB online storage facility. Online storage is located in the Cloud, allowing documents and files to be uploaded directly via the iPhone, or using a web browser from a Mac or PC, or via e-mail.

Innovative viewing technology allows uncompromised viewing of all common document formats on the iPhone. This is above all advantageous for e-mail attachments.

Thanks to Cortado's Virtual Desktop Process technology that provides smartphones with desktop features, documents in the Cloud storage can be displayed and forwarded via e-mail. Additionally, documents can be printed to all network printers currently connected to the iPhone.

Cortado Workplace for iPhone also offers the typical Windows Explorer file manager features.

"Now iPhone users can, with Cortado Workplace, move their workplace to the Cloud, " Dirk Löwenberg,, Business Director Cortado Services. "This is real mobility for central, and in most cases, location-dependent desktop processes."

Cortado Workplace can be used with all Apple iPhones with OS 3.0 and higher.

The solution is available at: [www.cortado.com/wp-iphone](http://www.cortado.com/wp-iphone)

## **Cortado. A Division of ThinPrint**

Cortado, as an independently acting division, combines the total mobile computing competence of ThinPrint AG and offers one-stop mobile business software solutions and professional hosting services for all of today's mobile demands. The services on offer encompass the entire range from Hosted Exchange and professional e-mail and PIM services with innovative push mail capability to the truly unique Cortado Enterprise Solutions and Premium Services, which turn your mobile device into a fully-fledged workstation. Cortado products, both in-house solutions and hosted premium services, allow you to manage documents and flexibly send them to all established mobile platforms. Security-certified hosting centers in Germany, the USA, and the Pacific region guarantee high availability and security for all hosted Cortado services. Along with its free-of-charge services under Cortado Free, Cortado offers mobile freedom and increases productivity for consumers, prosumers, and companies. Our goal is to provide complete mobility and independence from location-bound workplaces and computer-based communication methods. With the extensive experience of ThinPrint AG and its international presence with offices in the USA and Australia, Cortado operates globally. As a Microsoft Gold Certified Partner, Nokia Forum Pro member, and member of the BlackBerry Alliance Program, as well as working closely with over 20 carriers worldwide, including T-Mobile, Vodafone, Telefonica, Orange, Hutchison 3G, Cingular and Verizon, Cortado is the competent and professional partner and service provider for meeting the demands of mobile business and private users. A global partner network supports the international availability of Cortado offerings.
