

Integrated Medical Systems International, Inc.

- **Challenge:** Customer signature needed on delivery documents on site.
- **Solution:** With Cortado Corporate Server service technicians print the delivery documents on the spot and get the signature on site.
- **Result:** Less back office activities, increased productivity, avoid conflicts with customer that were based on bad quality/readability of delivery documents, avoid mistakes due to inadvertence.
- **Quote:** *“Cortado Corporate Server enhanced productivity and profitability. The solution also enabled us to standardize pricing and avoid slip of the pen.”*
Lee Robinson Jr., Integrated Medical Systems International
